

LORNA M. JOHNSON

LMJGLOBAL ENTERPRISES

Lorna Mae Johnson, former appointee of President Obama, first came to America freshly recruited from nursing school in Canada to the United States, where she would come to qualify for the Olympics, competing alongside famed U.S. Sprinters- Florence Griffith Joyner, Evelyn Ashford, and Alice Brown. Lorna was appointed by the 44th President of the United States, President Barack Obama to serve on the President's Advisory Committee on the Arts at The John F. Kennedy Center for the Performing Arts. She also served as a member of President Obama's Advisory Board, the Healthcare Committee, and his National Finance Committee. She is the former Assistant Treasurer of the DNC, Honorary Consul to Jamaica, Essayist with the UN Foundation for Women and Girls, and globally recognized speaker on issues surrounding women, girls, and finance. She currently sponsors girls in Malawi and Jamaica in an effort to advance their education, partnering with 3-time Olympic medalist Alice Brown, in training and identifying talents for the upcoming Olympics and beyond. She is the CEO of AFC Management Company and CFO for AFC Medical Group, providing maternal healthcare in East Los Angeles, serving women who all too often were suffering from lack of proper maternal health care. She is the Co-Founder and President of a new startup venture, Crib MD, a telemedicine and doctor's house call technology company to democratize affordable health care globally.

"PROVIDING WOMEN AND GIRLS WITH THE ESSENTIAL TOOLS NECESSARY IN HEALTH AND WEALTH"

Lorna M. Johnson Foundation is a non-profit 501(c)(3) health-licensed entity, building 21st-century leaders who will impact neighborhoods in the US and around the world. The foundation provides children and youth, ages 6-22 with supportive services for healthy lifestyles. Based on the idea of collaboration with local health organizations and pharmaceutical companies to implement "Healthy Lifestyle" seminars and services. Our topics cover a full range of health issues including: HIV/AIDS awareness for the teen population and Addressing Obesity starting with elementary-age children.

In addition to our local health initiatives, the foundation offers support in underserved communities abroad. In 2000, the foundation constructed a fully-functioning computer lab in Clarendon, Jamaica and provided \$100,000 of donations. A scholarship was established at one of the most prestigious universities in the Caribbean, in honor of her late sister and educator, Dr. Ionie "Gem" McPherson.
